Health Nugget

So there are different foods best suited for persons in different occupations. Often food that can be used with benefit by those engaged in hard physical labor is unsuitable for persons of sedentary pursuits or intense mental application. God has given us an ample variety of healthful foods, and each person should choose from it the things that experience and sound judgment prove to be best suited to his own necessities. Councils for the Church, p. 221.)

From the Pen of Inspiration

The world needs evidences of sincere Christianity. Professed Christianity may be seen everywhere; but when the power of God's grace is seen in our churches, the members will work the works of Christ. Natural and hereditary traits of character will be transformed. The indwelling of His Spirit will enable them to reveal Christ's likeness, and in proportion to the purity of their piety will be the success of their work. (God's Amazing Grace, p. 263.)
